Welcome to Kindy 3 2016.
This year the camel will be our class mascot animal and we will learn many interesting facts about camels.

Our first emphasis is to advise students about their group, assist them to get to know their new friends and allow a feeling of belonging to their new special place.
The camels on the backboard are being led by the teachers. Their camel has a green blanket. That camel is in front of two others, one wears a red blanket and the other a blue one. They are the colours of the two groups attending this classroom.
When we colour our birthday camels they wear the blue or red blankets also.
