Your task is to research about Aboriginal culture. You will then present one of your research answers to the class in a two minute talk.

Use the Let’s Learn Framework for your project:

Let’s Discover  What do I want to find out?
Let’s Find  Where can I find the information I need?
Let’s Select  Which information will I use?
Let’s Create  How will I share this information?
Let’s Reflect  How did I go?

Let’s Discover:
1. How did Aboriginal people use the environment to make tools and weapons?
2. How and why were songs, dances and stories used in ceremonies?
3. What foods did they eat?
4. How did Aboriginal people hunt and gather their food?

Let’s Find:
Use the internet or books to help you with your research. These are the websites you can investigate.

Criteria  Out of this world!  Nearly There  Stepping Up

1. I used lots of sources (books, internet)
2. I researched on my own, without needing much help
3. I changed source information into my own words
4. I chose only the most important information
5. I wrote detailed answers to the questions
6. I presented my information in a way others could understand
