LA10 ASSEMBLY ITEM SCRIPT:

Alani: Thank you Mrs Perica. The students from LA10 would now like to present their item. LA10 have created our own assembly script based on the educational website BTN or Behind the News. This site provides weekly videos that promote students to learn about current issues and events in their world. This year our class has used the site to assist in our learning of a range of curriculum areas. We hope you enjoy.

Joby: Today marked a new stage of reporting at Campbell Primary School. For the first time, Semester 1 reports were sent home to families via email. Another new form of reporting was specialist reporting, Mrs Slee began presenting dance showcases to parents. Parents were invited to attend their child's Dance lesson where students viewed and reflected on their dance performances.

Mrs Slee - "Hello everyone, today the Year 3 students will be presenting their dance performances. Up first are Ashlen and Chanelle".

Ms Bates: "Today we say farewell to Mr Christie. He has worked at Campbell Primary School for 3 years. We thank him for everything he has done".

EXCURSIONS - 29 OCTOBER

Luke: Every year students have the opportunity to go on excursions to reinforce their learning at school. This year the Year 3s have been to the Perth Zoo, Year 4s Scitech, Year 5s went to Fremantle Prison and the Year 6s have been on camp. Let's look back at how the Year 3 students enjoyed the zoo...

Animals on stage: Dinosaurs, giraffes and lions.

**** Students wandering around the zoo, pretending to take notes on animals****

Ethan: "Woah, look at that dinosaur!"

Akshath: "I wonder why they are here? Let's ask the zoo keeper"

Zoo Keeper: "There are 10 dinosaurs around the zoo. We have a special program on called 'Zoorassic Park'"

Ethan: "Thank you, that's awesome."

Akshath: "Look at the giraffes, aren't they tall? They can grow up to 4.8 metres tall."

Ethan: "They are. Wow, look at the African lions. Did you know that sometimes the male is too big to hunt, that often the lionesses will hunt for food?"

Akshath: "Wow. Let's keep exploring."
