

Dear Parents/caregivers

SCIENCE

This term, Year 3 students are studying 'Heat' and different types of heat energy.

To demonstrate how solar energy can be used in cooking the students are going to make mini solar ovens to cook apple and marshmallow.

Please sign the attached permission, if you are happy for your child to consume the apple and marshmallow. A copy of the marshmallow ingredients is provided for your reference.

If you would like to provide an alternative ingredient to the above, please list it and sign the permission slip.

Please return signed form by Tuesday 9 March 2021.

Thank you very much.

Pamela Lumsden
